

Title Developing Vaccine Storage and Handling Recommendations

Activity # WD4247

Start date 08/01 2019

Developing Vaccine Storage and Handling Recommendations

WD4247

PROGRAM DESCRIPTION: In this webinar, the presenter will discuss how the Centers for Disease Control and Prevention (CDC) develops storage and handling recommendations and VFC requirements. This presentation will include an overview of vaccine storage and handling basics as well as the scientific work that is done to inform CDC recommendations and guidance.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

1. Explain the background and development of CDC recommendations and guidelines for vaccine storage and handling.
2. Describe my role, responsibilities, and scope of practice as a team member in explaining the importance of proper vaccine storage and handling techniques.
